

Saturday, June 24

Dear Mom,

Haven't had any mail from you for about a month now, but I suppose that you have been waiting. During the past month, we have received mail only three times. It seems to come in every ten days or so. I don't know whether our outgoing mail is held up as much, but if you don't hear from me regularly, it's not because I don't write.

I am well, & kept busy flying. Aside from that, there is nothing else to write about. You undoubtedly know from the news reports from this area, that quite a lot has been happening out this way. It is encouraging news to everyone, & it seems as though the beginning of the end is in sight.

How is everyone at home, & what is the

latest on the home front? How is Grandma, now?
I suppose that you are having hot summer weather,
now, & you are looking forward to your vacation.
What do you expect to do?

Enclosed is a copy of a cartoon, which you
may have seen before. Don Simmons liked it so much,
that he had several copies mimeographed to send back
home.

Remember me to Cecil, Al, Dey & Grandma, &
take care of yourself. Keep writing, & perhaps, one of
these days I'll get your letters.

Love,

Marty
