

SELMAN FIELD  
MONROE, LOUISIANA

8/13

Thursday 7:30 P.M.

Dear Mom, Drey, Ceil, Al, etc,

I haven't received a letter from any of you for a long time, but I'm writing anyhow. This is the first chance this week I've had to write, & even now I'm in the classroom. We have a class from 9 to 11 tonight, & a star class from 11 to midnight. We are busy preparing for our 9th week seven hour exam on Saturday, which is supposed to be the toughest of all the 7 hour exams. After Saturday, I have only one more & a final.

I guess by this time you know that Pearl is home, & perhaps you've seen her. I was in town last night, and found the package of candy that you sent down. I'll save them for Pearl until she gets back.

How is everything in New York? How is your back now? The weather here has been quite warm, -

Monday & Tuesday set new records - but its' cooling  
off a little now. I'm anxiously waiting for the  
rest of months to pass, so that I'll be able to cool  
off a little & rest.

There is nothing much to write from here. Every-  
thing continues the same every day. Pearl will tell  
you everything when she sees you.

Regards to everyone & let me hear from  
all of you.

Marty
